

Does Your Car Fit?

Mature Driver Safety Program

CAR FIT is a **FREE** educational program that offers mature drivers the opportunity to check how well their personal vehicles "fit" them. A team of trained volunteers will show drivers 12 simple things they can do to be more safe and comfortable in their vehicles, such as adjusting their mirrors to eliminate blind spots and moving their seats and steering wheels for airbag safety. Tips to keep you driving longer and safer.

Occupational Therapists will be on site to demonstrate assistive devices such as wedge cushions, seat belt extenders, gas cap wrenches, and other devices that assist with entering and exiting the vehicle safely.

CAR Fit will be combined with a basic "under the hood" demonstration that will provide tips on tires, checking oil and filling windshield washer fluids.

Thursday, October 13, 1:00-4:00pm
Oshkosh Senior Center North Building
