## Personnel:

**Dave and Grace Pable** have submitted their letters of resignation to me. Although they have enjoyed the time they've served with us, they find it necessary to withdraw their membership due to medical reasons. Dave has been a member since 2005 and Grace since 2011, serving as just one of a very few husband and wife teams ever to serve with our Unit.

Both Dave and Grace have been wonderful, dedicated well liked members. We will miss their participation and wish them success as they tackle the medical issues facing them.

**Mark Tharnish** has submitted his letter of resignation to me. Mark has served with us since September of 2014. Mark indicates that his decision to resign is based largely on his schedule and personal life. He states that the free time he has, he would prefer to spend with his girlfriend or working overtime at his employer. He further states he wishes to thank the entire organization for the time he has spent with us and that in his relatively short time serving, he enjoyed the camaraderie.

## We are happy to announce three new Auxiliary Officers

**Brandon McMullin**  
Squad C  
Badge # 37

Brandon is a Criminal Justice student graduating in December 2015. Recently married, he enjoys spending time with his new two sons. He also enjoys college basketball.

**Andrew Pelot**  
Squad B  
Badge # 45

Andy currently attends UW Platteville. He enjoys sailing, skiing and wants to pursue a carrier in law enforcement upon his graduation in a few years.

**Scott Leipzig**  
Squad B  
Badge # 30

Scott is retired and now enjoys many activities including skiing, running, weight lifting, volunteering as an assistant youth baseball coach and spending time with his family.

## Personnel:

After serving with the Oshkosh Auxiliary Police for 32 years, **Auxiliary Lieutenant Lacy Papenfuss** has submitted his letter of resignation to me. He indicates that after long consideration and with a great deal of sadness he has decided it was his time to leave the Unit.

During his long service with the Auxiliary, he has experienced the many changes that have occurred within the Department and Unit, some of which ultimately lead him to his decision. For the most part he has enjoyed his years of service and had the pleasure of working with a great many members, past and present.

Lacy was the fourth longest tenured member currently serving with the Unit, beginning his service in 1983. Lacy was promoted to Sergeant in 2004 and has served as Lieutenant since 2006.

32 years of volunteer service is a remarkable record that Lacy can be proud of. His dedication and commitment to the Oshkosh community for over three decades is a legacy that few others could match. Those of us who've known and serviced with Lacy, know him to have been an honorable, principled member. The entire ranking staff joins me in wishing Lacy and his family, health and happiness as he moves on to the next chapter of his life. We who have served with you are proud to have done so.

## Procedural Change – Radio Frequency:

The Oshkosh Auxiliary Police normal frequency of use will be: **LOCAL INTEROPS - WISPEVT4** Channel 9 on the local Interops talk-group.

There are a few procedural things that need to happen when taking a radio to work an event.

- Make sure the radio is on LOCAL INTEROPS - WISPEVT4
- OIC will call into Dispatch via the phone (236-7507) ID yourself as Auxiliary Officer #\_\_, tell them that you'll be logging on for a special detail. Tell them what location you'll be at. (example: Auxiliary 2, I'll be logging on, special detail at EAA for the Farm Show).
- Advise dispatch that you'll be using WISPEVT4.
- If there is a conflict with that frequency, they will advise you what channel to use.

For events that have several officers working, the OIC can be the one to call into dispatch. This is so that we don't have every single person calling dispatch on the phone to log on. Just the OIC needs to do this.

From this point forward, OPDTAC1 will only be used for Tactical purposes. All other Special Events will use a Special Event Channel on the Local Interops Talk group.

**Auxiliary will no longer use OPDTAC1. It is for TACTICAL use only.**

If anyone has any questions, please feel free to contact Deputy Chief Footit.

## High School Athletic Events - Detail Update:

Based on the feedback given by those working high school football and basketball games this year, the following letter was sent to all three high school Athletic Directors.

As you know, for literally decades members of the Oshkosh Auxiliary Police have been providing security services for high school sporting events. Our history supporting football games goes back to games held at the Jackson Street Athletic Field prior to the construction of Titan Stadium.

As you might expect, with all those years of service, our members have experienced a wide range of challenges when faced with maintaining safety, security and order for those attending games. Our Auxiliary Officers understand their role as volunteer, non-sworn Officers associated with the Oshkosh Police Department.

When you put on a uniform and assume an authoritative role you are often faced with unpleasant situations. Our members are trained and are generally able to use the skills developed from that training to address and defuse most situations. The most significant tool we possess is that of uniform presence. Once uniform presence is defeated, our effectiveness is compromised significantly.

Last September, I advised you of a situation our Auxiliary Officers were experiencing. The conduct of some of the middle school students involved in the Eagles and Flyers programs had gotten beyond the point where our Officers could maintain order with their limited authority. I received reports from Auxiliary Police Ranking Officers working games that a potentially dangerous situation was developing. As outlined in that letter, some of the specific disruptive activities included:

- Passing footballs and scrimmaging in grass areas inside the fenced stadium areas
- Running throughout the stands and concourse area
- Gathering in stairwells and socializing, often blocking general use of stairwells
- Horseplay in restrooms
- Leaning, sitting, tossing items over any end of the stadium seating area
- Milling about, socializing and causing general disruption in the concourse area of the stadium
- Disrespect and not following directions given by Oshkosh Auxiliary Officers security personnel

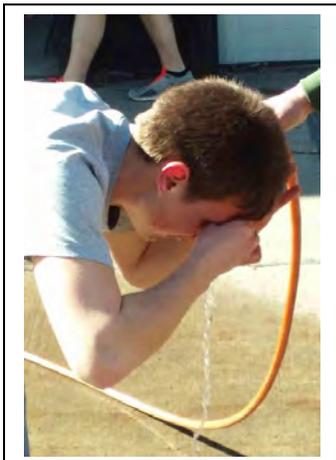

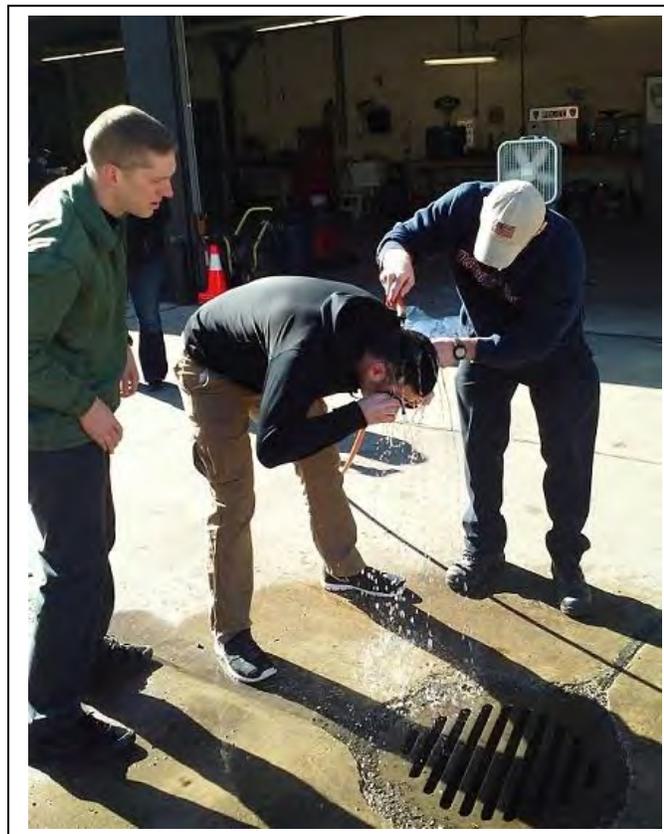

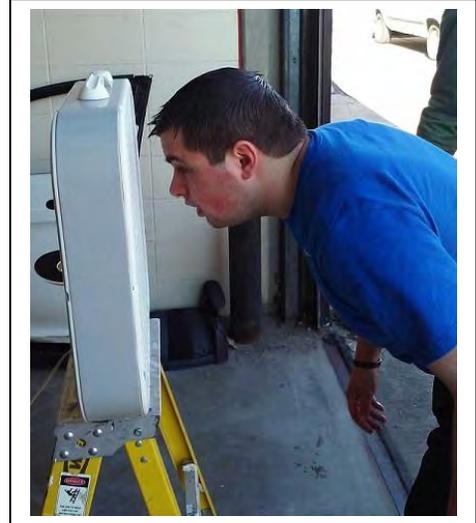

Through the efforts of the associated coaches and others, some behavior improvements were made; but unacceptable behavior, disrespect and disregard to directions given by Auxiliary Officers was still occurring, mostly associated with middle school students. Furthermore, some of that same behavior has now been occurring at basketball games.

Our organization has held significant discussion on this subject. The result of that discussion is our members have reached the point where they no longer have a desire to volunteer to work future high school sporting events.

The purpose of my letter is to advise you that as of this notice, the Oshkosh Auxiliary Police will no longer be able to furnish security services for high school athletic events. Hopefully I've given you enough advance notice to allow you to make alternate arrangements if you so desire.
