Subject: Missing Person Located

The Oshkosh Police Department investigated a report of a missing 73 year old male with dementia who is a participant in Project Lifesaver. Project Lifesaver is a radio frequency locating program for people who have diagnoses that involve a risk of wandering. Specially trained electronic search specialists responded to the area where the person was last seen and deployed radio frequency receivers. The missing 73 year old male was located uninjured less than thirty minutes after being reported and was returned home to his family.
