Subject: Implementation of Take Me Home

---

The Oshkosh Police Department is pleased to announce the implementation of a new program known as Take Me Home. Take Me Home is a database for people who may need special assistance if they are alone or in times of emergency. This kind of assistance may be required if the person is unable to speak or properly identify themselves, or if they become disoriented or act in a manner that could be misinterpreted by first responders.

The system includes a current photograph of the person, emergency contact information and any additional information provided by the caregiver for the person enrolled. If a person in the Take Me Home system is encountered by a police officer, the officer can query the Take Me Home database by name or physical description and provide the appropriate assistance.

The Take Me Home program is completely free and voluntary. Those interested in enrolling their loved ones in the program should contact Sgt. Todd Wrage at 920-236-5700.
