Subject: Graduation from FBI National Academy

OSHKOSH, WI (December 18, 2023): The Oshkosh Police Department is pleased to announce that our very own Lieutenant Andy Lecker has successfully graduated from the 288th session of the FBI National Academy.

The FBI National Academy is internationally recognized as one of the most prestigious law enforcement training programs in the world. The 11-week program offers rigorous training and educational programs that shape exceptional police leaders.

Lieutenant Lecker's successful completion of this program is a significant milestone in his career, and we couldn't be prouder of his outstanding achievements.

The 288th session of the National Academy consisted of law enforcement leaders from 45 states and 24 countries and provided advanced coursework in intelligence theory, terrorism and terrorist mindsets, management science, law, behavioral science, law enforcement communication, and forensic science.

It is worth noting that less than one percent of Police Officers have the opportunity to attend the National Academy and the program is culminated by the "Yellow Brick Road," a grueling 6.1-mile run and obstacle course. After completion of the course, participants receive a yellow brick with their session number commemorating the achievement.

"I was honored to be selected to attend the National Academy. This was a challenging and rewarding experience. The personal and professional growth throughout the 11 weeks was unbelievable and the opportunity to network with law enforcement professionals throughout the country and the world was an incredible experience" said Lieutenant Lecker.

Please join us in congratulating Lieutenant Andy Lecker on this exceptional accomplishment. We look forward to witnessing the positive impact he will continue to make in our community.
